

RICE MACT Stack Testing

Cost Estimates – single engine test (three 1-hour runs)

Stack Testing..... \$5,000

More or less depending upon mobilization charges and what test methods are agreed upon with the appropriate agency with oversight of Area Source MACT.

Load Bank rental...\$800/day, \$1,500/week

Approval may be obtained from the appropriate agency with oversight of Area Source MACT to forego a specific load requirement for Area Source engines. Otherwise, the standard load during testing is required to be plus or minus 10% of 100% load.
